HOSHIZAKI

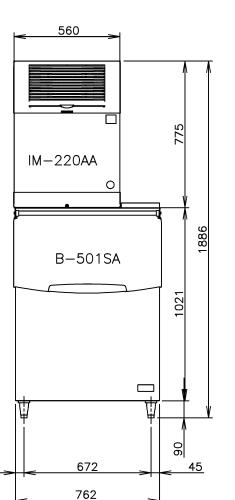

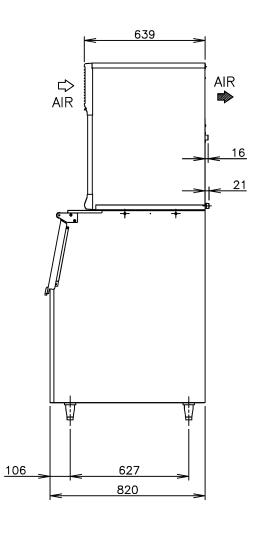

1. Install the ice maker properly in accordance with the instructions on location, water supply/drain connections and electrical connections stated in the instruction and installation manuals provided. Allow 10mm extra space at the installation site to meet any installation requirements (additional spacing is also required for proper air flow and pipe connections).

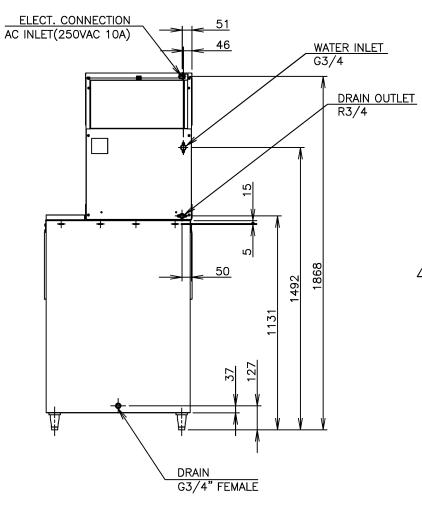

2. The ice production depends on the ambient

and water temperatures.

Refer to the instruction manual. 3. Product code: M028, G007, S-21871
